

Nickelback, Burn It To The Ground

Well its midnight, damn right
We're wound up too tight
I gotta fist full of whiskey, the bottle just bit me
That shit makes me bat shit crazy
We got no fear no doubt all in balls out

Were going out tonight, hey
To kick out every light
Take anything we want
Take everything in sight
Were goin' til the world stops turning
While we burn it to the ground at night

Were screamin' like demons
Swingin' from the ceiling
I gotta fistful of fifties
Tequila just hit me
We got no class, no taste
No shirt and shit faced
We got them lined up
Shot down firing back straight Crown

Were going out tonight, hey
To kick out every light
Take anything we want
Take everything in sight
Were goin til the world stops turning
While we burn it to the ground at night

Tickin' like a time bomb
Drinkin' til the nights gone
Get your hands off of this glass
Last call my ass
No chain no lock and this train won't stop
We got no fear no doubt all in balls out

Were going out tonight
To kick out every light
Take anything we want
Take everything in sight
Were goin til the world stops turning
While we burn it to the ground at night

Were going out tonight, hey
To kick out every light
Take anything we want
Take everything in sight
Were goin til the world stops turning
While we burn it to the ground at night
