

Nicky Byrne, Sunlight

Don't be afraid
It's only dark
Till the world turns round
Just don't look down if you're afraid of
The higher ground
Hold on to me
And let me hold on to you
We don't look back
We let it slide out of view
And we can make it if we
Break out beyond these clouds

We'll be standing out
In the sunlight
We stay together
We'll live forever
In the sun light
It's now or never
You know you better
Just touch you want to
Kiss you – you've got it
Fight like we're winners
Love like beginners
Dance like you mean it
Sing like you feel it
Everything's better
Standing out in the sun

Stop for a moment
Just to take in the sights and sounds

Hold on to me
And let me hold on to you
We don't look back
We let it slide out of view
There's no tomorrow
So let's live in the here and now

We'll be standing out
In the sunlight
We stay together
We'll live forever
In the sun light
It's now or never
You know you better
Just touch you want to
Kiss you – you've got it
Fight like we're winners
Love like beginners
Dance like you mean it
Sing like you feel it
Everything's better
Standing out in the sun
