

Nicky Wire, I Killed The Zeitgeist

I killed the zeitgeist
Ground it all to dust
Left myself alone
Digging deeper holes

I killed the zeitgeist
Switched off all the lights
Glazed like aching snow
All metaphors for love

When I look at the sea
No reflections will appear
Pain like the shattering of glass
Tearing us all apart

I killed the zeitgeist
Anschluss within your heart
Ich bin ein Newporter
Das zeitgeist uber alles

I killed the zeitgeist
Ground it all to dust
Left myself alone
Digging deeper holes

When I look at the sea
No reflections will appear
Pain like the shattering of glass
Tearing us all apart

I killed the zeitgeist

I killed the zeitgeist

Do do doo
