

Nicole, In Da Street

(feat. Missy Elliott And Mocha)

[Missy: Rap]

Uhh, 1-2, hit me
Dag nigga, let me breathe
Let me know, what you need
Why you keep on, asking me
Where I go, and why I leave
Can I kick it, can I relax
Can I kick it, I be back
Can I kick it, whats up with that
I know you mad, and thats a fact

[Verse One: Nicole]

My man, he got an attitude, cause
He think I been messing round, but
All I do is just sit at home, and
Wait until he return my call, and
Why is it that he dont trust me
Is it that hes the one messing up, see
I should be the one whos questioning
Why my man is always asking

[Chorus: sung by Missy and Nicole]

Where I been
Where I go
Who Im with
Am I out , messing up
When will I, be back
Am I out, in the streets, doing stuff
[x2]

[Verse Two: Nicole]

My man, he been acting crazy
He thinks I been changing lately
He thinks I been out here spotting
And if he ask me, Ill tell him where I been
I been home just waiting, waiting
He been out just playing, playing
My man, he dont want me to go nowhere
Then if I go, he needs to know

[CHORUS]

[Bridge (Missy) and Nicole]

Oooh, oooh (uh huh uh huh)
Oooh, oooh (uh huh uh huh)
Oooh, oooh, listen to me sing (and all the ladies say)
Oooh, oooh (uh huh uh huh)
Oooh, oooh (uh huh uh huh)
Oooh, oooh (uh huh uh huh)
Oooh, oooh (where I been)

[Chorus]

[Mocha: Rap]

You jokin right
Wanna grab this open mic
Peeps got you all hyped
Thinkin that you flowin tight
But you knew, thats the way it had to be, baby

Broken out, your copper whip, that got too many miles
What you think, cant even get the wheels on my ve-hi-cle
