

Night In Gales, Quicksilverspine

another foulmouthmadsong thrills that necrobitch
a song with a warptone's itch
another bastardword that feeds coronercunts
a word with a tongueblast's brunt
filthkickin' and tripleblack
the berserkmortician's back
heading for some vulturetint tonight
been whorethroattrippin' down these rhymes
to return with a quicksilverspine

eating the last planet in line
i've got the quicksilverspine

graveridin' and murmured
the electric psychonaut's ahead
silverwords and scytheplanets aside
been whorethroattrippin' down these rhymes
to return with a quicksilverspine

eating the last planet in line
i've got the quicksilverspine

vitriol or vulvagales
i'll take the tongue that licks the nail

eating the last planet in line
i've got the quicksilverspine
