

# Night Ranger, I Need A Woman

I need a woman  
To wipe away my tears  
Keep me warm  
And sing me bedtime lullabies  
I need a woman  
Put away my toys  
See a man in a boy  
That's still growing

Oh, I... Oh, I... Oh, I...  
I need a woman

I need a woman  
Make me feel all undone  
Hang me out, hang me on  
Take me slow now

I need a woman  
Find a window in my soul  
Bring me in from the cold  
That's where I'm dying

Oh, I... Oh, I... Oh, I...  
I need a woman  
Oh, I... Oh, I...  
I need a woman  
Oh, yes I do

I can see her now  
As she takes me out  
With a wink of her eye  
And down I go  
For the longest time  
Do you tell me  
I don't need to know why  
I got a fire inside  
And a feeling I'd die  
For another night

Oh, I...  
I need a woman

I can see her now  
As she takes me out  
For another night  
Hot and sweat  
As I shiver and shake  
Can you tell me  
If it's do or die  
I got a fire below  
And a feeling I'd go  
For another try

Oh, I...  
I need a woman
