

Night Ranger, Interstate Love Affair

Let's go

Head out on the highway
Where there's room to move
I'm a fast boy in a bad car
I got it all
I've got nothing to lose

Interstate love affair (x4)

Run with our passions
We'll race with our eyes
Can't catch me, try to hold me
I get it all out of one single mile

Interstate love affair (x4)

Head out on the highway
Where there's room to move
I'm a fast blazing road star
Got it all
I got nothing to lose

Interstate love affair (x4)
