

Nightfall, Lesbian Show

(Efthimis Karadimas/Nightfall 1997)

Years are passing but nothing fades
Idols shattered but she remains
She's the life, the life of me
Though, for two decades she's forgotten me

Along with fate of mine
They both have left me, asinine
In love they fell, together shine
No place for me in this world of mine.

Years are passing but nothing fades
Idols shattered but faith remains
She's the life, the life for me
I hope someday she'll come back to me

Along with fate of mine
They both have left me, asinine
In love they fell, together shine
No place for me in this hell of mine.
