

# Nightwish, Sleepwalker

Close your eyes  
Feel the ocean where passion lies  
Silently the senses  
Abandon all defences

The place between sleep and awake  
End of innocence  
Unending masquerade  
That`s where I`ll wait for you

Hold me, near you  
So closely, sear you  
Seeing, believing  
Dreaming, deceiving

Sleepwalker seducing me  
I dared to enter your ecstasy  
Lay yourself now down to sleep  
In my dreams you`re mine to keep

Sleepwalker
