Oh, Far away on these ground but they are no longer mine
I have to find a way home
Hey you!
You are all that i got
You keep on hanging oni have to make it on yam own now
Oh, all the night i miss you and i hold to was all it took

And i got to lay this on my ___ for the last time meet me at the same place
Oh, if tomorrow will comes i wanna waste my love on you at the bird on sun
I wanted alone where it tastes the bones what it takes to burn show me what it means to breath fire
I never knew what i want I let my body talk I was in a deep sleep and I..., I i got to lay this on my ___
Meet me at the same place

Oh, if tomorrow will comes I wish my love on you at the bird on sun
I wanted alone where it tastes the bones let show me what it means to breath fire

I got to come back I couldn?t help myself
