

Nikki Hassman, Rapture Me

Tell me
How many restless feet
Have walk these empty streets?
Hearts hazily sacrificed
For an uninspired life
I search for inspiration
A spark to stir my soul

In your love I am free
Oh, you rapture me
In your eyes I escape
This lonely place
Oh, you rapture me

Oh, the skies blue are here
The sunlight shines away my fear
I've learned to believe
Cause you have taken me
From the cold and disillusion
Into the light of day

In your love I am free
Oh, you rapture me
In your eyes I escape
This lonely place
Oh, you rapture me

BRIDGE
Awaked, I dream more than I can believe
I was blind, but now I see, oh, how you freed me

In your love I am free
Oh, you rapture me
In your eyes I escape
This lonely place
Oh, you rapture me

In your love I am free
Oh, you rapture me
In your eyes I escape
This lonely place
Oh, you rapture me
