

Nikki Leonti, Everlasting Place

~Verse 1~

I can see beyond the meadows and the fields
I can see forever
And I can tell you now that His love is real
It's holding me together
And I won't tell you that life is always easy
Cause I found better days waiting there for me

~CHORUS~

Don't you wanna come with me
To an everlasting place
No tears, no pain
Forever we'll remain
Forever in the arms of love
Sheltered in the wonders of
Such a beautiful place
It's an everlasting place

~Verse 2~

If it's hurting you the choices that you made
Regret is your companion
Just lift your eyes and pray
He'll receive you now
You are not abandoned
I don't care about things you used to do
Cause I see a better day is waiting there for you

~Chorus~
