

# Nikki Leonti, My Hope Is In Heaven

Sometimes the very brightest days  
Come out of the darkest nights  
Blessings shine through trials of the soul  
God in His own time and way  
Melts the shadows with His light  
Through the storms of life I've come to know

## CHORUS:

My hope is in heaven  
My heart believes  
I can see the angels in my dreams  
I know who holds forever  
I trust because He lives  
My hope is in heaven  
'Cause that's where Jesus is

I know the Spirit moves down here  
I can feel him near to me  
And I have faith when I can't understand  
He comforts me and he calms my fear  
He's closer than the breath I breathe  
I know tomorrow's in His hands

## CHORUS

## BRIDGE:

For the grey clouds I walk through  
Or For every golden day  
There is one thing I will cling to  
Every step of the way
