

Nikki Webster, Let's Dance

Dance
Let's dance

They're dancing in Chicago
They're dancing in Spain
They're dancing where its tropical
And dancing in the rain
They're dancing on the ceiling to the rhythm of the night
They're dancing the beat of life
C'mon lets dance
Lalalalalala life
Let's dance
Lalalalalala life

When you're movin'
With your body next to mine
You make me wanna keep on groovin'
'Till I'm losing track of space and time

When the feeling takes you over
You can feel it pull you under
Let the spirit lift you up and set you free
Do the cha cha over under
Do the tango or the samba
And all its gonna take is one, two, three

They're dancing in Chicago
They're dancing in Spain
They're dancing where its tropical
And dancing in the rain
They're dancing on the ceiling to the rhythm of the night
They're dancing the beat of life
C'mon lets dance
Lalalalalala life

You've got me swaying
To a wild and funky beat
And the rhythms gonna take me
To a place where I can feel the heat

When the music takes u over
You can feel it pull you under
Setting up the vital chemistry
We can stay this way forever
We will always be together
And all its gonna take is you and me

They're dancing in Chicago
They're dancing in Spain
They're dancing where its tropical
And dancing in the rain
They're dancing on the ceiling to the rhythm of the night
They're dancing the beat of life
C'mon lets dance
Lalalalalala life
Let's dance
Lalalalalala life

Lets dance
C'mon lets dance
It's the dance of life
it's the dance of life

When the music takes you over

You can feel it pull you under
Let the spirit lift you up and set you free
Do the cha cha over under
Do the tango or the samba
And all its gonna take is one two three

They're dancing in Chicago
They're dancing in Spain
They're dancing where its tropical
And dancing in the rain
They're dancing on the ceiling to the rhythm of the night
They're dancing the beat of life
C'mon lets dance
