

# Nile, Supreme Humanism Of Megalomania

I assert my claim of uncompromising empowerment  
I am like as unto Atum lord of all  
whose spontaneous self generation  
Led to the appearance of the earliest gods  
and thus the material universe  
there is none higher

I appear in glory as that god  
who eats men and lives on the gods  
as sun god I am reborn  
From the womb of the sky goddess Nut  
Her aching body is the sky  
Her nakedness the skin on which the stars rest

I am AtumKhepri who came into being of himself  
I am he who opened a door in the sky  
Who rules from his throne and adjudgeth those who are born

I am the horned bull who rules the sky  
Lord of celestial appearances  
The great illuminator who came forth from fire  
to harden the years  
I am the jackal of jackals  
I am Shu who breathes air into the limits of sky and earth

I draw unto myself all the forces on the universe  
I become not merely a god but the universe itself  
I am alone in making the transformation from man into god  
I am released from this world of servile obligation  
to false temporal power who claim to be divine
