

# Nile, Unas Slayer Of The Gods

Poureth down water from the heavens  
Tremble the stars  
Quake the bones of Aker  
Those beneath take flight when they see Unas rising

The Akh of Unas is behind him  
The conquered are beneath his feet  
His gods are in him  
His Uraei are on his brow  
The words of Unas protect him  
Unas this bull of the heavens  
That trusteth with his will

Living on utterances of fire from the lake of flame  
Unas that devoureth men and liveth on the gods

Behold Amkebu hath snared them for Unas  
Behold Techer tep F hath known them and driven them unto Unas  
Behold her thertu hath bound them  
Behold Khensu the slaughterer of lords  
Hath cut their throats from Unas  
Behold Shesemu hath cut them up for Unas

Unas hath ingesterd their spiruts  
Hath feasted on their immortality  
He hath consumed their shadows  
Unas the slayer of the gods

Unas the Sekhem great  
The Sekhem of the Sekbemu  
Unas the Ashem great  
The Ashem of the Ashemu  
Behold orion  
Unas riseth

Unas hath taken possession of the hearts of the gods  
Unas feedeth on their entrails  
He hath gorged on their unuttered sacred words  
He hath assimilated the wisdom of the gods  
His existence is everlasting

Behold the souls of the gods are in Unas  
Their spirits are in Unas  
The flame of Unas is in their bones  
Their shadows are with their forms  
Unas is rising
