

Nile, Wind Of Horus

Ashu Give us Power
To Oppose this Legion of Shrikes
They hath Defiled our Monuments and Graves
For their Greed of Treasure
Ashu Sehu Neferui Skhenn
We Are the Breath of Horns
Hot as the Desert Wind
We are Slayers and Reapers of Men
By the Arrow Shot from Lanata
You will Fall to your Knees Dead
or Begging Quarter
Torn to Shreds by Obese Vultures
Fossilized in the Desert Sand
We are the Breath of Horns
Hot as the Desert Wind
We are the Slayers and Reapers of Men
You will Never Escape
This Valley Gallala
Left to Decompose
Forbidden the Underworld
Bemused by Battle Lust
I Gash your Throat
And Splatter your Blood
Upon the Altar of Bes
We Erect one hundred Pyramids
With your Severed Heads
Ashu Sehu Neferui Skhenn
