

Nina Nastasia, A Dog's Life

I had a dream about a dog
I was walking
In an amusement park
With people all around me

We rode the roller coaster rides
And he was laughing as we
Jumped in the sky
And i saw that i looked just like him

It's a dog's life
I wanna lead a dog's life
Run in the woods, take a hole
It's interesting to me

He showed me all the various
Scented treasures on the ground
There was a little girl
She was scared of me, and i was scared of her

He led out a bark and she screamed
Dropped her chocolate ice cream
Suddenly this old man
Chased us, still we jumped the fence

It's a dog's life
I wanna lead a dog's life
Under the couch, chew a bone
It's interesting to me

We ran across the street and there
We missed a speeding car
Suddenly this old man
Grabbed him, from around the park

I hid behind a big trash can
Wondered what's become of him
I tried to sedate
But curiosity kills me

It's a dog's life
I wanna lead a dog's life
Under a couch, chew a bone
It's interesting to me

It's a dog's life
I wanna lead a dog's life
Run in the woods, take a hole
It's interesting to me

It's a dog's life, i wanna lead
It's a dog's life, i wanna be
It's a dog's life, i wanna lead
