## Nina Nastasia, A Dog's Life

I had a dream about a dog I was walking In an amusement park With people all around me

We rode the roller coaster rides And he was laughing as we Jumped in the sky And i saw that i looked just like him

It's a dog's life I wanna lead a dog's life Run in the woods, take a hole It's interesting to me

He showed me all the various Scented treasures on the ground There was a little girl She was scared of me, and i was scared of her

He led out a bark and she screamed Dropped her chocolate ice cream Suddenly this old man Chased us, still we jumped the fence

It's a dog's life I wanna lead a dog's life Under the couch, chew a bone It's interesting to me

We ran across the street and there We missed a speeding car Suddenly this old man Grabbed him, from around the park

I hid behind a big trash can Wondered what's become of him I tried to sedate But curriosity kills me

It's a dog's life I wanna lead a dog's life Under a couch, chew a bone It's interesting to me

It's a dog's life I wanna lead a dog's life Run in the woods, take a hole It's interesting to me

It's a dog's life, i wanna lead It's a dog's life, i wanna be It's a dog's life, i wanna lead
