

Nina Simone, I Love My Baby

I love my baby
I've loved him so long
I love my baby
I've loved him since he was born

Now, sweet baby is gone
And done me oh so wrong

Come on back baby
Now understand
Come on back baby

Come back and hold me
And take me by my hand

Come back baby and take me by the hand
Don't you know I love you baby
Don't you understand

Just say you love me
And we'll go to the preacherman
Just say you love me
And before him we'll stand

We'll live our lives together
As we go hand in hand

You say you love me
We'll go to the preacherman

And we'll live our lives together
As we go hand in hand
