

# Nina Simone, It Be's That Way Sometimes

When your guy has got his hat,  
And made himself hard to find  
It doesn't mean you should go crazy,  
It be's that way sometime  
Find yourself another love  
Who will treat you good and kind  
Return that love he gives to you,  
It also be's that way sometime

Baby, yes it does  
Baby, yes it does  
Baby, yes it does  
Baby, yes it does  
Baby

When you think you've found a love  
And you have peace of mind  
Somebody else steals his heart  
Yes it also be's that way sometime

Baby, yes it does  
Baby, yes it does  
Baby, yes it does now  
Baby, yes it does  
Baby

Don't let the problems of this world  
Drive you slowly out of your mind  
Just smile look at the problem and say  
It be's that way, be's that way sometime

Baby, yes it does  
Baby, yes it does  
Baby, yes it does now  
Baby, yes it does  
Baby, oh.....
