

# Nina Sky, Move Your Body

(feat. Jabba)

[Chorus x2:]

Move your body girl  
Makes the fellas go  
The way you ride it girl  
Makes the fellas go

All up in the club looking fly  
Made your first approach  
And caught his eye  
Slowly move your way towards the dance floor  
Grabed her hand  
And she whispered  
Hold my hip  
Got in the groove  
Stand behind me  
Let me grind with you  
If I lick my lips  
I'm prob'ly feeling you  
Imma make you go ooh

[Chorus]

Whoo (you feelin' it now)  
Take it slow  
Turn me on  
Club gets warmer  
Body moves closer  
One with the rhythm  
Don't stop moving  
You're making me  
HOT  
From head to toe  
I feel your flow  
Vibe gets stronger  
Party seems longer  
Makes me really want'cha  
Don't stop moving  
You're making me  
HOT

[Chorus x4]

Can you feel the beat  
Can you  
Can you feel the beat  
Can you feel the beat  
Can you  
Can you feel the beat

Can you feel the beat within my heart  
Can't you see my love shine through the dark

Can you feel the beat

Can you feel the beat within my heart  
Can't you see my love shine through the dark  
Can't you see that you must be a part  
Of that beat in my heart

[Jabba]

Slow wind, slow wind, slow wind, slow wind  
Fast wind, fast wind, fast wind, fast wind

Move your body, move your body, move your body, move your body
