

# Nine Days, Dance

(k.Edwards)

Dance with me moonlight  
on a floor made of sky  
Dance with me darling  
Protect my spirits flight  
Dance with me moonlight  
Before your bad side wakes  
Before the sun rises up  
before I feel the pain of the fight  
Dance with me  
for my lover won't move  
He never forgave  
Dance with me  
for my lovers asleep  
cold in his grave  
dance with me  
dance with me  
dance until I die
