

# Nine Inch Nails, Capital G (Remix)

I pushed a button and elected him to office and uh  
He pushed a button and he dropped the bomb  
You pushed a button and can watch it on the television  
Those mother fuckers didn't last too long, huh huh  
I'm sick of hearing about the haves and the have nots  
Have some personal accountability  
The biggest problem with the way that we've been doing things is  
The more we let you have the less that I'll be keeping for me

Well I used to stand for something  
Now I'm on my hands and knees  
Trading in my God for this one  
And he signs his name with a capital G

Don't give a shit about the temperature in Guatemala  
Don't really see what all the fuss is about  
Ain't gonna worry 'bout no future generations and uh  
I'm sure somebody gonna figure it out  
Don't try to tell me that some power can corrupt a person  
You haven't had enough to know what it's like  
You're only angry cause you wish you were in my position  
Now nod your head because you know that I'm right  
Alright

Well I used to stand for something  
But forgot what that could be  
There's a lot of me inside you  
Maybe you're afraid to see  
Well I used to stand for something  
Now I'm on my hands and knees  
Trading in my God for this one  
And he signs his name with a capital G

Well I used to stand for something  
But forgot what that could be  
There's a lot of me inside you  
Maybe you're afraid to see  
Well I used to stand for something  
Now I'm on my hands and knees  
Trading in my God for this one  
And he signs his name with a capital G
