

Nine Pound Hammer, Lookin' For Somebody

Driving, driving in my car
Down by the singles bar
Tell me, tell me where can I find her
Tell me, tell me, has anyone seen her?

Saw her picture in a girlie magazine
Just might have been my wet dream
Lookin' here, Lookin' there
Lookin' lookin' everywhere

Driving, driving in my car
Going down to the singles bar
Lookin' here, Lookin' there
Lookin' lookin' everywhere
