

# Nirvana, Clean Up Before She Comes

Clean up before she comes (x4)  
Living in a dusty town (x2)  
Something in her eyes  
Must be the smoke from my lungs

I'm starting to ate my vegetables (I must be getting old)  
I must be getting old (getting older)  
I'm starting to ate my vegetables  
Something in her eyes  
Something the smoke from my lungs
