

Nirvana, Opinion

Congratulations you have won
It's a years subscription of bad puns.
And it makes your story our concern
And you set it up for returns (Alt: You said it all and you glory burns)

My opinions. Mmm. Mmm. [x4]

And there seems to be a problem here.
Your state of emotion seems to clear.
You rise and fall like wall street stock
And you had an affect on our happy talk.

Our opinions. Mmm. Mmm. [x2]
