

Nirvana, Vendetagainst

Too pretentious
Fade me
I'm fucking hungry
Degrade me
I want my comply
Lies and fuckin' around with me
Experience, credentials
Experienced, imposter
People preaching everyday
White lies
Sitting inside
(???)
Blasphemy.

Mommy, has a vendetta against daddy
Walls are set up
Baby, is sad to find that daddy
(???)

Lies and fuckin around with me
Experience, credentials
Experienced, imposter
People preaching everyday
White lies
Sitting inside
(???)

Hold me, there's too much tension
Degrade me
I'm fuckin' hungry
Feed me, I want some comfort
Consume me, I want my complex back

Cold naked man
Picked off his scabs
And fed them
To the pigeons
Help him, he's cornered
Kill him, you mercy mourner!

Lies and fuckin' around with me
Experienced, credentials
Experienced, imposter
People preaching everyday
White lies, running inside
(???)

Hold me, no fucking rules
Just help me
I'm too pretentious
Please me, I'm really hungry
Degrade me, I want my complex back
