

# Nizlopi, Long Distance

Well well well well well well  
Well

I can't help singing once I'm moving  
On a bike, plane or train  
But there's something about this moving  
That's been working on my brain

Cuz I've got this feelings for you darling  
These feelings pure and true  
But they won't stop me running away from you!

It's a long distance, long distance, long distance [x4]

Our love is a saviour  
I know that that's true  
But I've got to get a little braver  
if love's a bastard too  
she can make you lose your way  
make you lonely through and through  
put a fire in your heart and rekindle you

It's a long, long, long distance [x4]

Yeah  
Get it- get it done  
You're in my heart  
You're in my head  
You're in my singing  
Where I'm going where I come from

It's a sweet way to say it's been too long  
It's been a sweet time running for it

It's a long distance, long distance, long distance [x4]

Singing it to ya  
Bringing it to ya  
Singing it to ya  
Bringing it to ya
