

# Nkotb, I Need You

Girl, my heart is in your hands, I need you to understand.  
Please, swallow your pride, I want you to be my guide.  
Girl, I love you, I want you, oh, how I care,  
when you need me, I'll be there.  
I need you, yes, I do, girl.

Girl, my love is all for you, no one else will ever do.  
Please, open your heart and let in a brandnew start.  
Girl, I love....

Girl, I need you.  
Girl, in me you got to believe, I'll be loving you and this you will see  
I need you, yes, I do, girl, I need you, yes, I do.  
Girl, I need you, I need you, yes, I do, girl, I need you.  
(Spoken:) Baby, you gotta know how much I want you, I need you oh so much,  
I love you, girl.
