

NLE Choppa, Dreamless Nights

Mama call me on the phone and she just started cryin'
Tell me to change my ways, everybody dyin'
Mama I ain't even gon' lie I been tryin'
But I love hittin' dem licks, I can't deny it

Ridin round all day I'm lookin for a play, yeah
Soon as I get the play hit my nigga Trey, yeah
We gone hit dem licks den we split it em' both ways, yeah
Hope it go smooth or we put em in a grave, yeah

I can't think, I can't sleep at night, yeah
I can't dream, I have dreamless nights, yeah
Sometimes I scheme and I know it ain't right, yeah
But one day ima pay the price, yeah

Everybody fake ain't nobody real
I can't trust a soul because that's how a nigga get killed
Do the dirt on my own I can't face dem years
So much pain in my body that I'm holding' back dem tears

I can't think, I can't sleep at night, yeah
I can't dream, I have dreamless nights, yeah
Sometimes I scheme and I know it ain't right, yeah
But one day I'm gone pay the price, yeah
