"I don't know what them other guys don't see in
you girl you bad girl ha ha (woooo)"
She got body like loaf of bread
Make you want a slice
She's the girl you can take her home to mother
But she dont want your bread
Brother you better think twice (twice)
See love could be the heat I would be her butter
She's an agel
She's the girl I want to share my dreams
I don't care if she can't fly over things
She's an angel
And I dont care if you can't see her wings
Watch her fly (hey, ohhh)
She's in my dreams when i sleep (yeah yeah)
But when i wake up shes gone so i weep (yeahh yeahh)
She's an angel
She's the girl i want to share my dreams
I don't care if she can't fly over things
Sh'es an angel
And i don't care if you can't see her wings
Watch her fly (hey, ohhh)
"Hello hey whats up girl
