

# NLT, Heartburn

She's a heart

She's a heart

She's a heart

Oooh she's heartburn

[Verse 1:]

Wish somebody knew

What I was goin' through

I need a doctor to tell me what I should do

This is killin' me

It's hard to sleep

Ain't no prescription made to treat what I got

[Bridge:]

She hit me with it with it

And she let me get it get it

How can something good like this

Make me feel so sick

Tell me why oh why (Why, why)

She had to set my heart on fire

[Chorus:]

Ohh she's a heartburn

And every time I see her

She makes my heartburn

I'm all messed up for real

I'm telling you she's (hot)

The way she moves her body

She's (hot)

The way she shakes her body

She's ha-ha-ha-ha-ha-ha-ha-ha

Ohh, she's heartburn

[Verse 2:]

Yeah it's kinda strange

I've been here before

Know it's bad, but I still come back for more

Guess I'm a fool

Cause I'm stuck on you

And I don't care cause I just want what you got

Ooh, oh

[Bridge:]

She hit me with it with it

And she let me get it get it

How can something good like this

Make me feel so sick

Tell me why oh why

She had to set my heart (she's hot, she's hot)

Ooh she's heartburn

[Chorus: x2]

She's heartburn

And every time I see her

She makes my heartburn

I'm all messed up for real

I'm tellin' you she's (hot)

The way she moves her body

She's (hot)

The way she shakes her body

She's ha-ha-ha-ha-ha-ha-ha-ha

Ohh, she's heartburn

[x7:]

She's burnin' my heart

And I can't take no more for real
