

No Angels, Autumn Breeze

So hard to trust that you can live and be sure
I made a promise that I wonder no more, yeah
I dream myself to all the good things in life
My happiness I won't sacrifice

I made a chance more messin' around
Now I got my feet heppin' on the ground
No longer runnin' with no place to go
Don't tell me that it isn't so

Now the rain has gone
And I'm movin' on
Like a gentle autumn breeze
Now I won't hold on
Cause it won't be long
'Til I
I'm cruisin' on a autumn breeze

Gotta keep believin' that I'm free
No guys or shackles gonna ever hold me
Look out for myself that's what I'm gonna do
Ain't lookin' for somebody new

I've got my reason why I'm feelin' this way
See people take love and just throw it away
No longer hidin'
This is where I wanna be
I'm flyin' like the wind on the sea (Uuuh oh!)

Now the rain has gone
And I'm movin' on
Like a gentle autumn breeze
Now I won't hold on
Cause it won't be long
'Til I
I'm cruisin' on a autumn breeze, yeah

Autumn breeze
Autumn breeze (Uuuh oh, autumn breeze)
Autumn breeze
Autumn breeze

Now the rain has gone
And I'm movin' on
Like a gentle autumn breeze
Now I won't hold on
Cause it won't be long
'Til I
I'm cruisin' on a autumn breeze

Now the rain has gone
And I'm movin' on
Like a gentle autumn breeze (Uuuh oh)
Now I won't hold on
Cause it won't be long (it won't be long)
'Til I
I'm cruisin' on a autumn breeze

Now the rain has gone
And I'm movin' on
Like a gentle autumn breeze
Now I won't hold on (no no no)
Cause it won't be long
'Til I

I'm cruisin' on a autumn breeze
