

No Angels, Lost In You

I have waited for so long to find me
Someone there can reach down deep inside me
Never knowin' hopin' for that Mr right

Then I saw you
All so picture perfect
That's when I knew
That we were bound to connect
It's not a dream
I believe I can touch you with my eyes

Chorus:

Now I'm lost in you
Now I feel something so familiar
Lost in you
Love's so real
That's the day, my heart stood still

I'm on a cloud that has a silver line in
In every way it feels like I'm flyin'
And I'm not worried
Everything is alright

I'm so happy
Anyone could notice
Always smiling is it any wonder
I look at life from a different point of view
(so much easier)

Chorus:

Now I'm lost in you
Now I feel something so familiar
Lost in you
Love's so real
That's the day, my heart stood still

Down
Down turn out the lights
Take me in your arms tonight
I feel so alive
I'll be stayin' by your side
There's no mistakin'
I will be takin' you
Over and over and over again
Over and over again
