

No Angels, Rivers Of Joy

I've been around and I'm just wishing on a star
I've travelled a long way, but I never been this far
I've seen the world with my eyes, never did I know
But I'm gonna find a way, no matter what they say

Chorus:

In the rivers of joy, hallelujah, joy - I believe
In the rivers of joy, hallelujah, joy - I will find
In the rivers of joy, hallelujah, joy - all the happiness
In the rivers of joy, hallelujah, joy - of the world

I've been around and I'm just wishing on a star
I've travelled a long way, but I never been this far
I've seen the world with my eyes, never did I know
I have to find a way, no matter what they say

There are times when I just wanna lay down on the ground
And never rise again no matter what's been found
But then I realise, I have to carry on
I try to move along to the rivers of joy

Chorus

So many people pass me by without a sign
I try to catch them but I don't know if it's right
As far as I can see, I still got much to learn
I have to find a way, no matter what they say

It's time to wake up now, 'cause much is still undone
I made up my mind and nothing gets me down
And I won't stop this time until I'm really through
I have to move along to the rivers of joy

Chorus

And now when I know myself
I see it all so clear - there's nothing more to fear

You can find joy and happiness
No matter what storm you come across
So hear me when I say, you're here to stay
Hold on tight and I'll be right

You can find joy and happiness
No matter what storm, just happiness
You just take a look deep down - to the rivers of joy

Chorus
