

# No Angels, Rivers Of Joy

I've been around and I'm just wishing on a star  
I've travelled a long way, but I never been this far  
I've seen the world with my eyes, never did I know  
But I'm gonna find a way, no matter what they say

Chorus:

In the rivers of joy, hallelujah, joy - I believe  
In the rivers of joy, hallelujah, joy - I will find  
In the rivers of joy, hallelujah, joy - all the happiness  
In the rivers of joy, hallelujah, joy - of the world

I've been around and I'm just wishing on a star  
I've travelled a long way, but I never been this far  
I've seen the world with my eyes, never did I know  
I have to find a way, no matter what they say

There are times when I just wanna lay down on the ground  
And never rise again no matter what's been found  
But then I realise, I have to carry on  
I try to move along to the rivers of joy

Chorus

So many people pass me by without a sign  
I try to catch them but I don't know if it's right  
As far as I can see, I still got much to learn  
I have to find a way, no matter what they say

It's time to wake up now, 'cause much is still undone  
I made up my mind and nothing gets me down  
And I won't stop this time until I'm really through  
I have to move along to the rivers of joy

Chorus

And now when I know myself  
I see it all so clear - there's nothing more to fear

You can find joy and happiness  
No matter what storm you come across  
So hear me when I say, you're here to stay  
Hold on tight and I'll be right

You can find joy and happiness  
No matter what storm, just happiness  
You just take a look deep down - to the rivers of joy

Chorus
