

No Assembly Required, Binary

i'm taking, wanting, feeling
i'm asking for your life
please let me, feel you, hurt you
i'm waiting for goodbye

malfunction

i'm learning, teaching, feeling
what life is really like
i'm broken, hating, feeling
completely ripped inside

i'm freaking again tonight
cause i hate all of you
you think i'm crazy cause i'm
thinking of killing you?

fuckin life
i lost mine

look, i fucked your throat
sucked back as you took your own life
i held your lifeless body
to the fire
and watched my cum burn into ashes
now you're probably thinking
this could never happen to you
