

No Authority, She Drives Me Crazy

[Chorus:]

She drives me crazy, oh, oh she makes me
Lose control when she comes my way
I won't forget her no, no, can't let her,
Capture me and take me away

Whenever you're around, I just can't sit down
'Cause you are the girl that drives me wild
At night I just can't sleep, 'cause I see it in my dreams
And you are the one taking over me

[Chorus]

The way you move, the way you do your thing
It lifts me up inside, can't stop it even if I tried
You said you couldn't be mine or next to me at all times
Without you I'm going insane, am I to blame

[Chorus]

Girl, you know you have my heart
And full control over me,
You see, I've never felt this way
That's because you drive me crazy
Crazy, girl you drive me

[Chorus]
