

No Doctors, Joe Houdini

Bear!
Bear!

Bear!
Bear!

Black glass upon my fuzzy snout,
I'm stepping up and I'm looking out,
Next time I catch you buzzin around,
Fly-by sling-shot Bear bring you down!

Down! Down!
Down, down, down, down, down, down,
Down! Down! Down!
Down, down, down, down, down, down,
Down!

Bear!
Bear!

You set your castle on the beach,
Lost your license and you still teach,
See that sun setting on the ground,
Take it back or I'll take you down!

Down! Down!
Down, down, down, down, down, down,
Down! Down! Down!

You got my baby,
You are a monkey,
I think you're funny,
I am getting drunk.
