

No Fun At All, Beat 'em Down

When I'm falling down
how in hell could I know
Break me
When I'm on my knees
how in hell could I know
Break me down

I wanna beat them down
I wanna beat them down
I wanna beat them but I fall for everyone
I wanna beat them down
I wanna beat them down
I wanna beat them but I fall for everyone
Like to sort of beat them down down yeah yeah
down, down, down down and out

When I'm passing out
how in hell could I know
Break me
When I'm on my back
how in hell could I know
Break me down

I wanna beat them down
I wanna beat them down
I wanna beat them but I fall for everyone
I wanna beat them down
I wanna beat them down
I wanna beat them but I fall for everyone
Like to sort of beat them down down yeah yeah
down, down, down down and out
