

# No-Man, Only Baby

love, love me.  
love me clean,  
love me new.  
love, love me.  
understand I live for you

[chorus:]  
when the storm is spoken,  
the silence is broken.  
won't you be my only baby?  
when the doubt is over  
and I move in closer,  
move for me, my only baby.

love, love me.  
love me fresh,  
love me free.  
love, love me.  
take this heat and die for me.

[chorus]

breathe for me.  
be for me  
only.

[chorus]

help me through  
help me through  
help me through  
help me through  
these bitter days.  
only baby.  
only...
