

No-Man, Only Baby

love, love me.
love me clean,
love me new.
love, love me.
understand I live for you

[chorus:]
when the storm is spoken,
the silence is broken.
won't you be my only baby?
when the doubt is over
and I move in closer,
move for me, my only baby.

love, love me.
love me fresh,
love me free.
love, love me.
take this heat and die for me.

[chorus]

breathe for me.
be for me
only.

[chorus]

help me through
help me through
help me through
help me through
these bitter days.
only baby.
only...
