

No Motiv, Don't Ask

Well I've had problems with my life at times
Sometimes I'll have happy some-times
I don't know what's bringing me down
Some will ask why are you feeling so god damn depressed
I appreciate your concern but I don't really feel like
talking to you now
Because I know that if I go into detail
You won't notice (you won't notice)
you won't really understand me
But I know that if I talk to you right now
I just won't feel that comfortable selling you the story
of my life
I can not relate to you,
I can not relate to you,
I can not relate to you,
You can not relate to me
I don't want to tell a story
I don't want to share my problems with you
I don't want to have to explain it
I don't want to have to explain it to you
Because I don't like the way I feel inside
Don't try to stay talking to you now
Would make it feel alright
Would make it feel alright
