

# No Use For A Name, Feilds Of Agony(Acoustic)

How many people, how many have died?  
I'm feeling lucky and afraid at the same time  
How many times have you sat home and wondered why?  
We always hear about the U.S.A. but not the other side  
In fields of agony everybody dies  
How many humans, how many does it take?  
We get a cedar box they get a body rake  
How many lives will it take before we can end this war?  
Bring Johnny home soon he forgot what it was that they  
were fighting for...In fields of agony

(Stupid comments from a Bush supporter)

I don't want to die or be sent home on a cargo plane  
A tag on my toe without my name because I'm one of a million  
A million  
How many weapons, how many do we need?  
What about the economy, what about the economy?  
You'll be the hero at the end of your catastrophe  
It can be stopped with unity with collaboration of  
you and me...and human decency...in fields of agony...

(George Bush being an idiot and stating that iraq has WMD)
