

No Use For A Name, Room 19

it's been so long since you've been here
and I'm dying...
is there something you would like to say?

just drop the present on the shelf
by the flowers
and make the feeling go away...

looking back I can't recall
who was listening
when I used to walk the streets at night...

like a bird that used to sing
I was flying
I was happy all the time
and it's hard to look back...

better days
and different ways
I can't explain
another song to sing
it all was simplified...

don't know now
what it's about
what have I learned
to live without?
it takes a day to live a life...

I can't believe the way the world
is so different...
look what the lines in my face have made

living in my bed
I'm right next to the road
the one that goes the other way...
takes me to a different place

did you know
that I was just as young as you
I had a job, a home, a family, and a car

did you say
that yesterday
or just right now?
you'll never know the feeling of my bleeding heart...

did you say
that yesterday
or just right now?
you'll never know the feeling of my bleeding heart...
