

Noa, Babel [french Version]

Pardon me for babbling, Ive been carrying on
Pardon me for babbling, Ive been waiting so long
To tell you, what I really feel inside
I try to let it out, but in the end I hide

Tu sais au fond dmes pensees
Depuis que je tattend
Tout mes mots son bouversais
Je sent comme de torrent
De parole, de rire
De symphonie de chanson,
Et ces melodie murmure des battements,
Les battements de mon couer

Milim milim, kama milim amarnu
Tzlilim, tzlilim, tzlilim, sharnu, sharnu,
Libi, libi, libi, kama libi elech
Libi, libi, libi, chai bechayecha...

Si je regard dans tes euex,
Je vois comme un eclipse
Tu suleve des ouragans, des tendrece, de delices.
Pur le dire, jai tout les mots de la terre,
Tout le langues, tout les coulour, et la lumiere,
Dun infinite priere

Milim, milim..

Pardon me for babbling, Im a little but shy,
Youve been unscrambeling my babbling, but why?
Is it because youve waited for love,
Love to take wing..
Were never babbling, were bubbling
When we sing!
