

# Noa, Path To Follow

Music & Lyrics: Achinoam Nini (Noa)

I found a path to follow  
I knew it straight away  
Now that I found it I wont stray  
No, I will not stray,  
Not stray.

I walk through the woods and holler  
The songbirds will laugh and play  
They know Ive found it and wont stray  
No, I will not stray,  
Not stray.

The woods are alive with laughter  
The rivers are drunk with mirth  
They all know what Ive been after  
Theyre rejoicing for my rebirth,  
For my rebirth.

I found a path to follow  
But its a path for two  
Why dont you come here beside me  
I wont stray, no, I will not stray  
From you.
