

Noah And The Whale, Beating

Don't build the castle
At your centre
Oh the heart can't love
What it can't remember
Be willing to be hurt
Oh be willing to be bruised
'Cos a heart that doesn't love
Is a heart that isn't used

Oh turn your love to life
Let your love shine through
In everything you do
Let your love shine through

Oh I thought I felt my heart beating
Well I thought I'd never know that feeling
Oh I thought I felt my heart beating
Well I thought I'd never know that feeling

Well my heart was like a cave
Now light shines in it
Oh to fall in love is brave
?
Oh my heart was like a stone
That barely moved
Oh my heart was like a magnet
Oh for hearts like yours

Oh turn your love to life
Let your love shine through
In everything you do
Let your love shine through
