

# Noah Cyrus, Almost Famous

Wouldn't have been so quick to  
Give you up  
When you got a good thing you should hold it

We're almost legends  
You and me  
We're almost perfect  
We're almost like the people in the paintings

It's like we're almost famous /4x

Much as I want to  
I can't lie now, babe  
I can't deny how much I miss you  
But we're just victims of the time and place

Like a love was not the issue  
I changed my mind  
I turned to tell you  
You're already gone

We're almost legends  
You and me  
We're almost perfect  
We're almost like the people in the paintings

It's like we're almost famous /4x

It's funny how  
We say Forever  
I see you know  
You're just a stranger  
We wave hello  
Say: See you later  
I'll see you later  
It's funny how

We're almost legends  
You and me  
We're almost perfect  
We're almost like the people in the paintings

It's like we're almost famous /4x
